

\*\*\*\*\* NO MORE DRY, CRACKED, AND CHAPPED SKIN! \*\*\*\*\*

# DERMA SHIELD PLUS®

SKIN PROTECTANT AND FIRST AID ANTISEPTIC

## Product Classification:

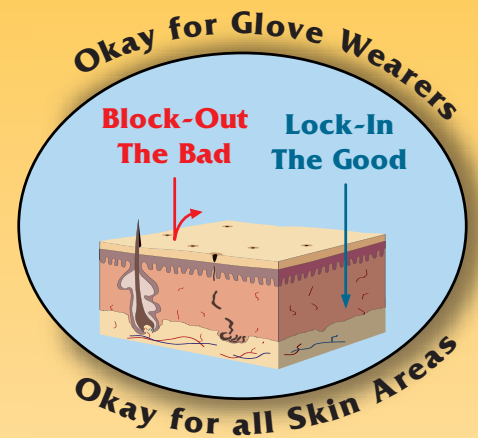

Derma Shield Plus is an OTC Drug product that conforms to both the Skin Protectant and First Aid Antiseptic Monographs of the FDA.

## Purpose:

Derma Shield Plus is a skin protectant that protects, repairs, and prevents damaged skin. It also helps with the wound healing of cuts, scrapes, and burns. As a germicide, it kills germs on contact and helps decrease cross-contamination.

## General Information:

There are many skin irritants and abusers at work and at home that can cause your skin to become dry, cracked, and chapped. Derma Shield Plus forms a "shielding layer" on the dead flaking skin cells that **"BLOCK-OUT"** the bad and **"LOCK-IN"** the good. Through "AVOIDANCE" Derma Shield Plus eliminates the skin from coming into direct contact with many abusers that can adversely affect the skin's condition. Derma Shield Plus helps to support the skin's natural "intact-like" ability.

## Features and Benefits:

- "Alcohol Free" formula. Does not dry-out the skin, or deplete the skin of its natural fats and oils.
- Kills 99.9% of germs instantly to help prevent cross-contamination.
- First aid to help protect against bacterial contamination in minor cuts, scrapes, and burns.
- Temporarily protects minor cuts, scrapes, and burns.
- Temporarily protects and relieves chapped or cracked skin.
- Helps to increase hygiene protocol compliance for hand washing, sanitizing and glove wearing, with no more dry, chapped, cracked and sore hands.
- Adds moisture and the nutrients Lanolin, Vitamins A & E, Aloe Vera and Glycerin, to help repair skin's surface; and helps promote attractive and healthier skin.
- Okay to wear under gloves.
- Long lasting...Apply 1- 3 times daily, as needed. Comes off with the skin's natural sloughing rate.
- Allows the skin to function normally, such as perspiration and the gaseous release of nitrogen and oxygen.
- Helps improve the skin clean-up process with mild soaps.
